

Submission of Entries to the 2018 Crescent Beach Black & White Print Competition

The Crescent Beach Photography Club Photography Club 2018 Invitational Black and White Print Challenge takes place **Saturday April 21th**.

Prints are different from digital in terms of the crafting and viewing experience. This is an excellent opportunity to see how your photography communicates in print medium. Our Club can enter six (6) prints from six different photographers. We look after all the fees.

- Your black and white print can be any size, but it must be on a 16 x 20 single, white mat. An 8x10" or 11x17" photograph on that size mat are your best options. The photograph can not be smaller than 8 x 10".
- You can purchase pre-cut mat and back that will fit those two sizes. There is a visual difference with a larger print. See which works best for your photograph.
- The print must be **true black and white**. When ordering your print, tell the developer, true black and white. That will prevent any tones from being present in the final printing.
- The photograph must not have won or placed in a previous competition and taken within the last two years..
- No watermarks and names can be on the front of the print,
- The print, with a single white matt, on 16x20 backing, is to be placed in a plastic sleeve. Plastic sleeves come with the mat or can be purchased. We will label the sleeve with information on the photographer and the club.
- It is an open subject competition, the photograph must be original work.

Submission Process

- You may submit up to two (2) prints.
- Upload your digital prints by **Saturday March 3rd**.
- Bring your actual black and white prints to the **Tuesday March 6th Meeting**.

2

- **Upload using our Drop Box Link.** The digital file of selected prints will be used for viewing at the competition. Judges will view and score the prints. You must upload your digital file and bring in your print to be considered.
- Title the digital file: Your Name_TITLE OF THE IMAGE.jpg
- For a horizontal file, the **maximum width is 1400 pixels**, if a vertical format, the **maximum height is 1050 pixels**.
- Our club's selection committee will review the digital files and select six (6) prints from six different photographers as our Club Submission.
- We will show the selected images at the **Tuesday March 28th Meeting**.
